Manufacturer	<b>Felina</b>

### Product description

**Felina 203210** is a wireless soft bra from the Rhapsody collection in deep grey. It is a bra from the well-known and popular Body Forming modelling line. The Felina 203210 model has soft soft cups. It is made of luxurious and durable material. The upper part of the cup is decorated with elastic Swiss embroidery. Thanks to this, the cups perfectly adapt to the shape of the breasts, perfectly emphasising the cleavage, ensuring maximum comfort. A very important element of the cup construction is the side stitching and the side underwire. The backing is opaque, smooth and elastic. The bottom is finished with a decorative piping. The straps are impressively decorated with embroidery and adjustable. Additional decorative elements are bows placed at the beginning of the straps at the front and between the cups. The straps are not removable and are decorated with lace at the front, a feature characteristic of the entire Rhapsody range.

Composition: 61% polyester, 26% polyamide, 13% elastane
