Product description

The Felina Conturelle 81922 modeling dress from the Soft Touch collection is a petticoat lingerie, made of a very good quality soft and breathable material. In addition, this material has been enriched with "lycra beauty" fibres, thanks to which the lingerie is sufficiently flexible and does not cause discomfort when worn. The task of the 81922 model is to correct body imperfections. The underwear is extremely comfortable, gives a great feeling of comfort and, although it is slimming underwear, makes us feel beautiful and sensual. The characteristic, deep neckline ending underneath the bust line allows us to fit a bra that is suitable for the creation, without causing the effect of flattening the breasts. The bottom part of the dress 81922 is finished with silicone tape, which makes the underwear not roll up.

Fabric composition:
69% polyamide
31% elastane
